DR. H. H. ELLIOTT DIES ON STREET

Retired Physician Drops Dead in Front of Harry Wyatt's Home This Afternoon

WHILE ON WAY DOWN TOWN

Has Been in Ill Health For Some Time But Was Able to be up—66 Years of Age.

Dr. Hugh H. Elliott, a well known retired physician of this city, dropped dead this afternoon in front of the residence of Harry Wyatt in West Eighth street as he was on his way to the business district of the city. Dr. Elliott, who resided at 838 North Harrison street, left home shortly after one-thirty o'clock. Several neighbors saw him fall and rushed to his side. Medical assistance was called but he was dead before help arrived.

Dr. Elliott had been in ill health for some time, but was able to be up and about as usual. Death is believed to have been caused by heart disease. The coroner was called but at a late hour had not made known his finding.

He had been a resident of this city about five years, moving from Glenwood where he practiced medicine for a long period of years. Dr. Elliott was 66 years old. He was a native of Ohio, being born in Preble county July 13, 1849. He received his education at Miami University and Miami Medical college. He was associated in Glenwood with Dr. J. T. Paxton and this firm was dissolved when Dr. Elliott retired from active practice.

He was a member of the United Presbyterian church. He was probably the oldest member of his profession in the county and was highly respected. Besides his widow he is survived by two children, Miss Florence of this city and Dr. Roy Elliott of Connersville.

WONDER IF IT IS WORTH THE COST

County Taxpayers Learn That Expense of Each Vote in Primary Was Sixty Cents.

INSPECTORS PAID FOR 3 DAYS

The taxpayers of the county are wondering if the primary election was worth the money it cost. The bills were all ordered paid yesterday by the county commissioners and it was found that the total cost, including printing and election officials was \$2,413.23.

It cost the county approximately sixty cents for each and every vote cast. The inspectors were paid for three days work and the other officials were paid for two days. Some of the inspectors filed claims for five days. The cost of the primary averaged \$77.84 for each precinct.

The county has an appropriation of \$3,500 for elections and all of the bills are paid from this fund. In order to hold the general election in November an additional appropriation will have to be made as the election will cost as much or more than the primary.

Before adjourning the commissioners awarded the Purdue University scholarships to Howard Breechisen and Howard Miller.

U-BOAT SINKS DUTCH SHIP

Destruction of Elzina Helena Creates New Furor.

(By United Press.)
The Hague, April 5.—Torpedoing of the Dutch schooner Elzina Helena while Holland is in the grip of a big war scare caused great excitement here today.

News of the sinking of the schooner in the North Sea reached here early today. A message to her owners said there was no doubt that she had been attacked by a submarine. An official inquiry was ordered.

SURPLUS DOG TAX IS DISTRIBUTED

Five Per Cent of Total—\$88.67—

Goes to State to Give Needy Patients Pasteur Treatment

CALLED HYDROPHOBIA FUND

Deputy Auditor Bales was busy today distributing the surplus dog tax fund to the various townships. The trustees paid a total of \$1,773.30 to the county from the collection of dog tax during the past year. Under the law the county auditor sends five per cent of this sum to the auditor of state. In Rush county this sum amounted to \$88.67.

It is not generally known but the money received by the auditor of state from this source of revenue goes into a fund known as the hydrophobia fund. The hydrophobia fund is used by the state board of health in giving patients the Pasteur treatment.

In all cases where the patient is unable to pay the expense of the treatment the state pays the expense and it comes out of this fund. The five per cent received from the dog fund of all counties in the state makes a good sum with which to carry on this work.

The surplus fund in the county minus the five per cent the state gets is distributed to the various townships to be placed in the school fund.

TRUSTEES FORM AN ASSOCIATION

Organization to Look After Their Interests is Headed by J. V. Young in This County

PREPARE FOR LEGISLATURE

An organization was formed here yesterday among the township trustees for the purpose of securing some legislation favorable to their office. J. V. Young was elected president and Homer N. Nash of Union township was named secretary-treasurer of the organization.

The monthly meeting of the trustees was attended by J. M. Wilson of Knightstown, a member of the legislative committee of the State Trustees association from this district. The need of a new ditch law was discussed and the trustees favor a law placing their office on a salary basis, instead of receiving pay by the day as at present. The action of forming an organization here is being followed all over the state and the trustees are getting ready for the next session of the legislature.

CITY WILL HAVE A CLEAN-UP DAY

Council Instructs Mayor Bebout And The Street Commissioner to Select The Date

TRASH TO BE HAULED AWAY

Arrangements For Motorcycle Policeman to Chase Down Speeders Are Also Made.

The city council voted last night to have a clean-up day and instructed the mayor and street commissioner to select the date and prepare the plans. This plan has been followed with more or less success for several years.

Mayor Bebout has not named the date but it will probably be either week after next or the last week in April. At least two or three days will be devoted to the clean-up. The city wagons will make the rounds as usual and all of the alleys will be given a cleaning. The city will not haul ashes and brush placed in the alleys and it will be useless for people to place their ashes in the alley expecting to get them hauled away free of charge.

The motorcycle cop in Rushville is to become a reality. Policeman Price has purchased a machine and will put it in use for police duty. He was allowed \$10 a month for the use of the machine. It was at first thought that with the motorcycle a third policeman would not be needed, but this idea was abandoned because it would require too long hours for the two men. With a motorcycle the police will be enabled to answer calls quickly and save much time. The motorcycle will also be used in running down speeders.

A petition presented to the council by several merchants asking that the city see that city employees paid their debts or were discharged was laid on the table as the council did not like the wording of the petition. Under the wording, the petition took it for granted that there were men employed by the city that did not pay their debts and in a way cast a reflection on the whole administration. The council desired the names of the city employees who have been beating their bills. The petition was headed by B. A. Black.

The engineer's plans and specifications for the oiling of the street were adopted and April 28 was named as the time for hearing remonstrators. The plans call for one coat of oil and it will be placed on heavy enough to make up for the good a second coat would do. The plans state that the oil must be placed on the streets one-third of a gallon to the square yard. The estimated cost, according to the engineer, is three cents a square yard. This is slightly higher than last year.

FRED ELLIOT IS NEW MODERATOR

Pastor of Springhill Church is Elected at Spring Meeting of Indiana Presbytery

THE MAYS PASTOR RESIGNS

J. T. Aikin is Officially Installed Pastor of U. P. Church at Opening Session

The spring meeting of the Indiana Presbytery of the United Presbyterian closed at the local church this afternoon with the election officers for the year a conference conducted by Dr. A. W. Jamieson, in which pastors exchanged experiences. The meeting place for the fall session was to be selected this afternoon. It was practically certain the First United Presbyterian church of Indianapolis would be the choice.

At this morning's session the Rev. Frederick Elliott of Springhill was elected moderator for six months. All other officers are chosen for a year, except the clerk, whose term is for four years. The Rev. G. L. Brown of the First church in Indianapolis is the present clerk.

The Rev. J. Harvey McCann resigned as pastor of the Mays church at this morning's session. The resignation was accepted. It is likely he will remain until June. No steps have been taken yet to fill the vacancy.

Applications to the board of home missions were recommended for the Witherspoon (colored) church of Indianapolis in the sum of \$436 and for the Scotland, Ind., congregation in the sum of \$400.

Other business for the closing session this afternoon was the reading of reports of the various branches of the church. One report showed that the Indiana Presbytery which comprises the churches of southern and central Indiana, contributed nearly \$6,000 to the church mission board during the year.

The Rev. John T. Aikin was officially installed as the pastor of the local church last night. Dr. A. W. Jamieson, retiring pastor, presided and preached the main sermon. Dr. Morris Watson of Princeton, Ind., delivered the charge to the pastor and the Rev. H. D. Gordon of Hanover spoke to the congregation concerning its obligations to the pastor.

The Rev. Mr. Gordon commended the church for its promptness in securing a pastor. He said the congregation may be charged with violating the tenth commandment—coveting their neighbor's goods—but is cleared of it when it is considered that a minister of God is ordained to preach wherever he is called. He noted that the church obeyed the Biblical injunction and turned its face toward the east.

"He comes to you," said the Rev. Mr. Gordon, "at your prayerful solicitation with rich experience to minister unto you."

The minister impressed upon the church that the pastor is the servant of God bringing a message to them. He entreated the congregation to give him affectionate confidence and co-operation.

"Stand not off and see how he is going to do," said the visiting pastor, "but help him to do by encouragement."

"Remember the pastor is human. Pinch him and he will feel it; talk about him and he will not be encouraged; talk about his wife and he will be justly indignant; he is not an angel, neither is his wife though he may have told her so once; he can not live on angel-food cake, much less can his wife. German Chancellor Says War Will Not be Waged With U. S.

(By United Press.)
Berlin, April 5.—Germany has no intention of waging war on the United States either now or in the future.

This was one of Chancellor von Bethman-Hollweg's statements this afternoon in a speech before the Reichstag regarded as by all odds the most important address he has made since the beginning of the war.

AFFIRMS DECISION OF THE LOCAL COURT

Appellate Court Upholds the Jury

Verdict That the Horse Was Not "Moon-eyed" as Contended.

NO ERROR BY THE JUDGE

The appellate court yesterday affirmed the Rush circuit court in the case of John F. Kirk against Samuel H. Trabue and Harry Trabue. The case was known here as the "moon-eyed horse" suit and was tried September 3, 1913, before Judge John D. Megee and a jury. The jury found for the defendants and the appeal was taken by the plaintiff.

The case was an action for damages involving the warranty of a horse, that was alleged to have been sold "sound" and later developed "moon-eyes." The appeal was taken on the ground that the court erred in instructing the jury. Judge Megee refused five instructions offered by the plaintiff. The appellate court held as follows:

The evidence showing that the horse belonged to but one of appellants and there being no showing that he participated in the alleged misrepresentation, it was not error to instruct in his favor. It was not error to overrule a motion for a new trial on the ground of newly discovered evidence where the newly discovered evidence was cumulative, being evidence of other admissions on the same subject and evidence of former knowledge of disease of the horse and its treatment therefor, where there was evidence on the trial of other admissions thereof and other evidence as to knowledge and treatment.

NO APPREHENSION FELT IN BERLIN

Sussex Affair Arouses Little Fear Because of Popular Belief She Was Mined

WAS FORMERLY A TRANSPORT

By CARL W. ACKERMAN
(U. P. Staff Correspondent.)
Berlin, April 5.—The Sussex affair is arousing little apprehension in Berlin with regard to German-American relations.

The tension apparent during the Lusitania and Arabic negotiations is utterly lacking. This is chiefly due to the popular conviction that the Sussex was mined not torpedoed, though it is pointed out that she formally was in service as a British transport and might, through error, have been so regarded by a U-boat commander.

The increased activities of the U-boats have created a most favorable impression among the German people.

CONDEMN ACTS OF DEMOCRATS

Temporary Chairman Myers Scathingly Denounces State And National Administrations

G. O. P. CONVENTION OPENS

Henry D. Estabrook of New York Also Speaks—Delegate Fight is Unsettled

(By United Press.)

Indianapolis, April 5.—State and national Democratic administrations were scathingly criticised while thousands of Republicans cheered this afternoon at the opening session of the Republican state convention. Not a Democratic policy or achievement escaped the sweeping denunciations of Quincy Myers, the keynote speaker and temporary chairman, and Henry D. Estabrook, lawyer of New York.

Predicting emphatic Republican victories in state and nation in the fall, delegates were told that those victories would be won by a united party which had prepared, and that not only criticism of opponents, but sound, constructive programs would result in returning the Republican party to power.

Tariff—the Paramount issue, was the "battle cry" of Estabrook, who said a protective tariff was the first necessity of preparedness for industrial prosperity at the end of the European war.

Preparedness for armed invasion was another demand of Estabrook, while Myers declared that the army reorganization bills in congress are "a sham to deceive and lull the country into a false security," and are "false in principle."

The Roosevelt bogey loomed up today as one of the principal factors in the fight of one faction to prevent the election of E. C. Toner, former Progressive chairman, as delegate-at-large to the national convention.

Although Republican leaders kept silent, workers were heard to remark even in the inner room at headquarters that a Progressive might stampede to the colonel at the first opportunity if the latter's name were presented as a candidate for president.

Winfield Durbin of Anderson, always a Republican waged a severe fight as Toner's rival. Fred Simms, Will H. Hays and James A. Hemenway were conceded to be the choice for the other three places.

Condemning the international policy of President Wilson's administration, Myers said:

"What policy of the president are we asked to approve as warranting his continuance in official place?"

"The nation has been humiliated, its citizens slain upon the high seas and on land, and we have had nothing but protest; and another letter written."

"Are we to condone and approve this vacillating and bumbling incapacity simply because we have not been plunged into war?"

"Has the administration taken a definite stand on any policy?"

"If it had, we might be asked to approve it, as Americans, right or wrong, but we are confronted with the almost daily change of attitude, not to say policy, because there has been no policy, and yet we are asked to approve and continue this vacillation, this blundering, and this incapacity, this halting, and backing and filling, which have brought us to the humiliating conditions which we are asked to approve."

Myers denounced the "watchful waiting" policy with regard to Mexico, saying that a firm and definite policy would have prevented three

COAST SURVEY 100 YEARS OLD

Oldest of all Government Scientific Bureaus Celebrating Centennial This Week.

PRESIDENT TO ATTEND DINNER

In all Its History it Has Had But Eleven Directors—Prominent Men to Speak.

(By United Press.) Washington, April 5.—The Coast and Geodetic Survey father of all the government scientific bureaus, today celebrated its 100th birthday with all the zest and dignity that becomes a thriving centenarian.

While scientists of the bureau sat and listened attentively, and uninitiated spectators tried to find out what was going on and what modern language contained words that averaged fifteen letters and five syllables, scientists from all parts of the country told what the survey had done for terrestrial magnetism, commerce, geophysics and preparedness.

It seemed the survey had a finger in every little pie in the United States and almost every one in the world. During the two-day convention that they opened today, admirals, cabinet officers, professors, doctors and even the President were to talk about the survey.

An exhibit planned in connection with the celebration at the National Museum, showed the work of the survey and its methods.

Speeches this afternoon were by Dr. Hugh M. Smith, Commissioner of the Bureau of Fisheries; Dr. Louis A. Bauer, director of the Department of Terrestrial Magnetism of the Carnegie Institution; Dr. S. W. Stratton, director of the Bureau of Standards; Rear Admiral Pillsbury, U. S. N., retired, and Dr. George Otis Smith, director of the Geological Survey.

At tonight's meeting Brigadier General Black, chief of the army engineering corps, and George R. Putnam, Commissioner of the Bureau of Lighthouses are to speak.

J. Hampton Moore of Pennsylvania is to speak of the part played by the bureaus in the development of commerce. George Washington Littlehales, engineer in the Hydrographic Office also is to speak.

The meeting will end tomorrow evening with a dinner at which President Wilson, The Swiss Minister, Secretary of Commerce Redfield, Navy Secretary Daniels and Dr. Thomas Corwin Mendenhall, the oldest ex-superintendent of the survey, are scheduled to speak.

During its century of existence, the survey has had but eleven directors. Ferdinand Rudolph Hassler, the first superintendent, was a native of Switzerland. He served from 1816 until 1843.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys— Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush off the body's urinous waste or you'll be real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Generous Mr. Schwab.

One cannot read the bulletins which are being sent out by the Bethlehem Steel Co., in a campaign of publicity against the erection of proposed government armor plate factories without being impressed with the sincerity of the appeal although the steel company is naturally enough looking after its own interests.

In a most recent bulletin Charles M. Schwab, chairman of the company, undertakes to present the facts with regard to the controversy. If his assertions are the truth (and would be hard to think otherwise because published statements would be challenged if they were not) the Bethlehem company's claim is worthy of every consideration of the government.

The bulletin sets forth that the company is not urging any plan of preparedness and not advocating any policy involving increased expenditures by the government for any purpose. The company undertakes to show that it would be unnecessary and unwise for the United States to spend \$11,000,000 to build a government armor plate plant because existing facilities can supply every need and because the government can buy armor plate at least as cheaply as it can manufacture it for itself. The company makes the following pledge which sounds highly patriotic:

"If the United States should become involved in war or threatened war, the government of this country can have any product we manufacture—armor plate or anything else—at any price it chooses to pay; and under such circumstances, and regardless of price, our entire plant will run 24 hours a day with every pound of energy behind it."

The bulletin states that armor plate is the least profitable branch of the business, in spite of statements to the contrary. The armor plate plant represents an investment of \$7,100,000, which would be useless for any other purpose.

The steel company says that it can get in Europe almost any price it chooses to ask for its products; but that it has not since the beginning of the war raised the price for any ordinance products to the American government. The bulletin contains news of an offer on the part of the company to reduce the price of armor plate to the United States from \$425 to \$395 a ton. It is asserted that the price paid now is less than that paid by any great naval power. The steel company has previously given figures to prove this assertion.

In answer to the declaration that prices will soar if the government decides not to build an armor plate plant, the steel company agrees to make armor plate at the reduced prices named for at least five years or will agree for an indefinite period to make armor at any price which the federal trade commission may name as fair. Sounds fair enough, doesn't it?

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. P. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, which you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, fallow lock, dull eyes, pimples, coated tongue, heartburn, flatulency, no good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

RETIRE BEFORE BAYONET CHARGE

Daring Photographer, Making Actual War Films to be Shown Has Exciting Experiences

BERLIN GAYETY DEPICTED

There Are no Stag Scenes But Life-Like Moving Pictures of Armies as They Charge.

Whatever has been written about the evacuation of Warsaw by the Russians, however graphically was described the Teutonic assault against the Russians in Poland that ended with the fall of the last Polish stronghold, Fort Novo Georgievsk, nothing can begin to reveal the conditions in that devastated country like the films which W. H. Durborough took at the risk of his life. On Tuesday, Apr. 11, the reproductions of what this intrepid newspaper correspondent saw at the front, under cover of Gen. Von Hindenburg's big guns, will be shown at the Princess theater under the direction of the Daily Republican.

"On the Firing Line With the Germans," or "With Von Hindenburg's Army at the Front" is the title of the film and it comes by it honestly, for Mr. Durborough's presence everywhere on the battlefield is evident. If he doesn't examine a freshly made wound on a soldier's face, he chats pleasantly with some of the officers, eats with them and borrows their best horses.

Once on the battlefield, evidences of war appear everywhere. There are no stage scenes, nor does the picture contain an eternal parade of soldiers marching from where to nowhere with artillery and cavalry in the procession, listlessly advancing with the consciousness that they are having their pictures taken. Here the men proceed, unmindful of the camera's grind, with determination written over their countenances, their jaws set and their keen and alert faces seemingly eager to get a view of their enemy. Of course, the lighter phases of life with the fighting men shows them in different mood. Except for their uniforms and surroundings, an observer, seeing these men at play, might forget that he is viewing the stern realities of war and think he sees a happy lot of campers.

Never have motion pictures given a more vivid impression of a battle than these Durborough films or a more comprehensive visualization of activities at the front. In full view of the camera the men charge against their foes in sections some one or two miles away from the lens, can be plainly seen by their outlines. Columns of men dash forward over the hills and plains, through ditches and across pools of water, kneed deep, under the cover of the big guns, to get closer to their goal, while the enemy's shells burst all around the advancing soldiers, leaving trails of smoke in mid air like giant "sky rockets" and tearing up the earth wherever they strike. When the soldiers neared their destination and fixed their bayonets for the final assault, the camera man sagely withdrew to the rear.

View of many towns and villages depict the destruction of peaceful communities. Warsaw after its evacuation and Fort Novo Georgievsk after its fall are shown. The destruction wrought by the heavy Teutonic guns is seen. As the conquering army enters the Polish capital the citizens can be observed gazing at the invaders with curiosity and awe and alter in friendly chat with them. The plight of the refugees who leave their homes with the retreating Russians only to return and find their former abodes in ruins is shown. Babies gaze curiously into the camera's eye, possibly attracted to it by the grinding of the handle, while proud mothers urge their offspring to look pleasant as their pictures are being taken.

But before the firing line is reached Mr. Durborough takes his spectators with him from Chicago to England and from Great Britain to Holland. On this journey he spies a British patrol through the port-

Hanna Street—Shelbyville Pike to Indianapolis Pike.
Washington Street—Second street to Indianapolis Pike.
Market Street—Washington street to Pearl street.
Pearl Street—Market street to Indianapolis Pike.
Cerro Gordo Street—Second street to Third street.

And such improvement is now ordered. The costs of said improvement, including the cost of street and alley intersections shall be assessed upon the real estate abutting on each side of said streets respectively and upon the City of Rushville, Indiana, if the said City be created by said improvement, all according to the method and manner provided for in the act of the General Assembly, State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and Acts amendatory and Supplemental thereto.

Under no circumstances shall the City of Rushville, Indiana be or be held responsible for any sum or sums due from said property owners or owners of said streets, or for the collection of the same, or for the payment of any bonds, bonds, certificate or certificates issued to said contractor in payment for such work, except such moneys as shall have been actually received by the City for assessments for such improvements, or such moneys as said City is by said above entitled Act required to pay. All assessments, payments, and all proceedings had and work done in the making of said improvement, assessment of property, collection of assessment and payment therefor, shall be as provided for in the above entitled Act and Amendment thereto.

The common council of said city has fixed Friday, the 28th day of April, 1916, as a date upon which remonstrances may be filed or heard, by persons interested in or affected by said described public improvement, and on said day, at 7:30 o'clock p. m., said common council will meet at the council chamber, in said City of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed, or which may be presented, and will hear all persons interested, or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property, abutting and adjacent to the proposed improvements, and to said city, will be equal to or exceed the estimated cost of the proposed improvements, as estimated by the city civil engineer.

CARL L. GUNNING, City Clerk.

CONDEMN ACTS OF DEMOCRATS

Continued from Page 1.

years of watchful waiting "while the conditions have become worse and more complicated." He reviewed the Mexican situation at length.

Myers said that had Grant, Harrison, McKinley, Roosevelt, Taft, or Fairbanks been president that would have been a different spectacle.

The bi-partisan tariff commission proposed by President Wilson was opposed by Myers, who demanded a Republican commission. "Let us have a tariff commission but let it be composed of the friends of a protective tariff, not of its enemies, or hybrids," he said.

Turning to state issues, Myers pounced upon the assertion of Auditor of State Crittenger that Governor Ralston has brought the state out of debt. Myers asserted that the present state administration has collected through the inheritance tax in two years \$1,118,875.65, which went into the general fund and that in 1915 there was collected through taxes \$4,301,007.61 more than in 1908. The inheritance tax was not available for Republican administrations, having been created in 1913.

The only tangible thing the state has for these enormous expenditures is less than \$500,000 a year for the past four years," said Myers, who then charged that the Democrats were guilty of gross extravagance in the creation of offices and boards.

Myers did not touch on the state issues except to present great mass of information disproving the Democratic claim of an exemplary financial record. He did not mention suffrage, a constitutional convention or prohibition.

Twice Estabrook brought Theodore Roosevelt into his speech, once by direct mention and once by inference. At the opening of his address he said, speaking of the Republican party. "I thought at one time it was going into innocuous desuetude but today it is surely coming back with all its old-time significance."

At another time, speaking of preparedness, he said this country must be prepared to defend itself against military invasion and added:

"But what with Mr. Roosevelt out

on the stump shouting for 'blood and iron,' and Mr. Bryan out on the stump shouting for 'milk and water,' and Mr. Wilson out on the stump shouting for 'a little of both, thank you' I am beginning to think there is real danger of a righteous cause being talked to death."

The representation of each county in the convention is based on its population. One delegate is allowed for each 200 voters or majority fraction of 200 voters.

The delegates will meet by districts tonight in various rooms of the statehouse and Marion county courthouse and each district meeting will elect a member of the convention committee on resolutions; a member of the convention committee on rules and permanent organization a member of the credentials committee; one assistant secretary of the state convention; one vice-president of the state convention; one presidential elector and one contingent presidential elector; two delegates to the republican national convention and two alternates.

At nine p. m. tonight the rules, credentials and resolutions committees will meet and prepare their reports to be submitted tomorrow to the convention.

The convention will assemble at ten a. m. tomorrow and its program will be to adopt a platform, select delegates-at-large, alternate delegates-at-large and contingent electors-at-large and nominate state candidates.

Any attempt to sidetrack the movement for Watson for the short term candidacy to fill the vacancy left by the death of Senator Benjamin F. Shively might provide the spark for a blow-up, it was hinted. Organization matters including a keynote speech and selection of delegates to the national convention constituted the program for today.

Harry S. New, who, by virtue of a big vote in Marion county, (Indianapolis) his home, led Watson by seven thousand votes at the direct primary, was conceded the nomination for the long term, which carries with it an opportunity to oppose Senator John Worth Kern.

With Watson's organization of veterans catching its breath after a campaign in which it had captured a majority of the counties and won a majority of the votes outside Marion, Watson issued a statement declaring that so far as the primary was concerned his forces intended to disregard the Marion county vote that gave New his plurality and would carry the fight against New to the floor of this convention.

Then Senator Shively died in Washington. Watson had no opportunity to withdraw his unfortunate announcement but Watson managers quickly intimated that Shively's death offered the opportunity for a satisfactory settlement of the New-Watson contest and that they would be satisfied with the short term for their candidate.

Indications were that there would be no explosion today and that Watson would capture the short term nomination by virtue of his flying column of veterans. No other candidate has had an adequate opportunity to mobilize his forces since Shively's death.

This prospect troubled certain Republican editors who opposed Watson in the primary as impossible of election because he could not bring back the progressives, they said. Watson, on the other hand, in his fight with New pointed to the former Progressives who were aiding his campaign and declared that where as he "worked in the open" at the historic Chicago convention, his opponent, New, was on the national committee that ordered him to act as he did.

Will H. Hays, republican state chairman, appeared to be the choice of the anti-Watson men following the death of Shively, but Watson called on Hays, and Watson men made it plain they would resent any interference by the head of the Republican organization; and a few days later Hays announced that his duty lay with the organization and that he would accept the state chairmanship for another term.

James P. Goodrich, by a sweeping victory at the primary, won the right to lead the state ticket as the republican candidate for governor. Goodrich is one of Indiana's political warhorses, having been one of the leaders in the party's organization for years.

With a promising field for state offices, the convention offered a lively prospect.

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Santanel Remedies Company 509 Union Central Building, Cincinnati, Ohio.

Right Shoes

A man or woman should exercise the same care in selecting a pair of shoes that they would in buying a house. For they live in both! There's no earthly use in a person wearing an ill-fitting uncomfortable, poor looking, unsatisfactory pair of shoes. And you won't if you buy them of us. They are exactly right in style and in construction. They bring customers back who want "NONE BUT THE BEST."

Social Calendar

Missionary society of the United Presbyterian church of Glenwood with Mrs. A. P. Reynolds, in the afternoon.

Thursday card club, with Miss Chestina Stiers at 223 East Sixth street, assisted by Mrs. Wilbur Stiers, in the afternoon.

Juanita Club with Mrs. Walter Smith assisted by Mrs. Joe Smith in the afternoon at 814 N. Sexton.

Willing Workers of the St. Paul's M. E. Sunday School, with Mrs. Frazier Johnson at 511 North Perkins street at 2:30 p. m.

Modern Art Club, with Mrs. Harry McCauley in North Julian street, in the afternoon.

Lurline Council regular session and degree work at Red Men hall in the evening.

Mrs. Lon Link's Bible class will be discontinued for the remainder of the term.

The Thursday Bridge which was to have met with Mrs. Frank Wilson tomorrow has been postponed for two weeks.

The members of the Red Men orner of Falmouth are making elaborate preparations to entertain their families with a banquet this evening in the hall.

Mr. and Mrs. C. W. Rich of west of Raleigh entertained at dinner Sunday Mr. and Mrs. Sherman Hill and daughter, Isabelle, and Mr. and Mrs. J. L. Nipp and daughter Eloise. An elegant dinner was served to the guests.

A chili supper will be given for the Uniform Rank Thursday evening at 6:30 o'clock in the K. of P. hall. All members of Ivy company 35, are urged to be present, as business of importance will be transacted following the supper.

SEWING PARTIES

The sections of the Immaculata Sodality which met with the Misses Grace Roth, Laura Abernathy and Hilda and Marie McKee at their respective homes last evening were interesting ones, when members spent a pleasant and profitable evening preparing for the bazaar.

GILBERT'S CLASS

The meeting of Dr. Gilbert's class held in the church parlors yesterday afternoon was held preparatory to the parcel post sale which is to be given by the class and the members spent the afternoon in sewing and preparing boxes for the sale. A pleasant time was enjoyed.

TO GIVE PLAY.

"The Honor of the Class" is the title of the clever little playlet, the scene of which is laid in a boarding school, which is to be given by the members of Frances Frazee's class of the Methodist church in the church parlors Friday evening at 7:30. Following the play, will be a social when games and other amusements will entertain the guests. Everyone is invited to attend. The admission will be ten cents.

BAND OF WORKERS

A goodly number was in attendance at the meeting of the Band of Workers held this afternoon at the lovely home of Mrs. Ralph Payne in North Harrison street, when she was assisted by Mrs. Irwin Kinnear and Mrs. John B. Morris. After a short business session presided over by the president Mrs. Janet Carr, the ladies enjoyed a social period and the dainty refreshments which were served by the hostesses.

B. Y. C. D.

The members of the B. Y. C. D. class of the Baptist church had another one of their delightful social and business meetings last evening when they were entertained by Mr. and Mrs. Ralph Pearsey.

DINNER-DANCE

The guests at the Social Club enjoyed an excellent dinner last evening, which was prettily served and tasteful as well. Following the dinner came an informal program of dances for which excellent music was furnished by Sherman's Orchestra and the majority of the guests indulged in the pleasant rounds of dancing. Among the guests who numbered about a hundred were Mrs. Maud Shields and Mrs. Sarah Henley of Chicago, Mrs. Mary Behrman of Columbus, Ind., and Fred Durham of Muncie.

HAT SOCIAL

The Rebeccas will entertain Thursday evening in the I. O. O. F. hall with a hat social, the public being cordially invited. Every lady going is asked to take a box containing two sandwiches, two pickles, two hard boiled eggs, two apples, two cookies and her name on the inside of the lid of the box. The boxes will be sold to the gentleman for ten cents apiece and each will go to the lady whose box he has. She will give him a hat with the trimming and a needle and a thread, and he will proceed to trim the hat. All ladies coming without a box and hat will be charged ten cents.

PINK AND WHITE PARTY

Pink and white was daintily suggested in the pretty party given by Mrs. Hallary Haydon this afternoon when she entertained the members of the Wednesday Afternoon Bridge Club. After the card games, the ladies were served with an elaborate luncheon in the dining room, where a French basket tied with a pink maline bow and filled with killarney roses was in the center of the prettily set table. Tiny place cards in a design of pink marked the places and small pink crepe paper bags tied with dainty maline bows were given as favors to the guests, among whom was Mrs. D. C. Green of Salt Lake City.

LOYAL DAUGHTERS

Daffodils used in profusion gave the home of Mrs. Glen Moore a charming and spring-like air last evening when the members of the Loyal Daughters class of the Christian church were entertained at her home in East Sixth street. The entire evening was given over to a social good time when the guests pleasantly chatted over their fancy work, and enjoyed several pretty musical numbers. A palatable luncheon was served by the hostesses to their guests who numbered about twenty-five. Besides Mrs. Moore, the hostesses were Miss Grace Billings, Miss Lorene Bird and Mrs. Ernest Church.

PENNY SUPPER

Socially and financially, the affair given by the Pythian Sisters for Mrs. Della Dunn last evening was a great success. The guests were liberal in their donations and in return a jolly evening was furnished for them by the hostess. The total proceeds from the supper, dance and donations received were fifty-one dollars, eighty-one cents. After the supper, which was a bountiful one, about forty couples entered into the dance series for which good music was furnished by Mitchell's orchestra. The entire proceeds will be given for the benefit of Mrs. Dunn who in a short time will be brought here to stay.

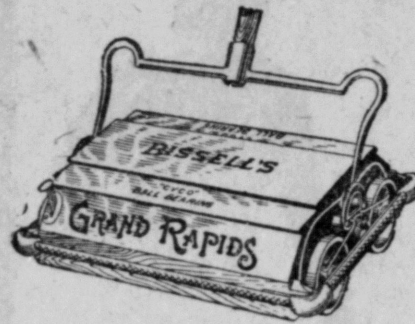

GOING AWAY PARTY

It was a complete surprise to Mr. and Mrs. Joan W. Davis, when in the midst of their arrangements preparatory to leaving for Milroy where they will move shortly, they were interrupted last night by a number of their friends coming in upon them at their home at 612 N. Harrison street. Coming at supper time, their well-filled baskets were very timely and soon filled the table, to which the procession of guests was led by the Rev. D. Ira Lambert. The company was made up of a circle of over twenty of their friends from the Presbyterian church, who in this pleasant way showed their regret at the departure of Mr. and Mrs. Davis. After enjoying the bountiful supper an equally pleasant evening was enjoyed by the congenial crowd.

THE MAUZY CO.

CLASS PARTY

Twenty members of Mrs. Ice's Sunday School class of the Christian church were present at the meeting held with Miss Phyllis Casady last evening. Several business matters were discussed after which the girls had a merry social time together. A tempting collation was served by the hostess as the affair drew near a close.

FOR NEW MEMBERS

A reception for new members was one part of the meeting of the Woman's Foreign Missionary society of St. Paul's M. E. church held with Mrs. Frank Woleott in North Harrison street this afternoon. The numbers on the program were: Devotions—Mrs. J. H. Scholl. Responses to roll call—Missionary gleanings.

Review of chapter in "King's Highway,"—Mrs. F. R. McClanahan. Mystery Box—Mrs. W. M. Whitt-sitt.

Selection by Missionary quartette. Piano solo—Miss Norma Smith. After the business period came a social hour when the new members were welcomed into the society. Light refreshments were served.

C. W. B. M.

The ladies of the April division were hostesses this afternoon when the members of the C. W. B. M. of the Christian church were delightfully entertained at the home of Mrs. G. V. Conaway in North Main street. The excellent program was a great help in the pleasure of the afternoon. The numbers were as follows: Bible study—"The Palace in Shusan"—Mrs. Louis Lamoert.

Prayer—Mrs. J. D. Case. "Uncle Sam the Good Samaritan to the World"—Mrs. George Looney jr. "Our Denomination Reaching Its Share of the World"—Mrs. C. M. Yocum.

India Sketch—Mrs. Charles Green. Vocal solo—Mrs. Will Amos.

The usual business meeting presided over by Mrs. Roy Waggener and a pleasant social period followed, during which time dainty refreshments were served by the hostesses to the goodly number of guests which were present.

INTERESTING PROGRAM

The C. W. B. M. of the Little Flat-rock Christian church will meet Thursday at 2 p. m. at the church. All members are urged to be present. Miss Blanche Armstrong is the leader and the following program has been prepared.

Piano solo—Miss Golda Weir. Song—"Buckle on the Armor." Invocation—Mrs. Lora Behout. Bible reading—Mrs. Lavina George.

Song—"Take the Name of Jesus." Recitation—Miss Katherine Newby.

Recitation—Miss Ruth Geise. Paper—Mrs. Edith Norris. Bible Study—Mrs. Hazel Dauben.

ing increases in the same ratio as it does for you. The monthly statement from the grocer and the butcher comes to him as it does to you. Do not compel him to live on skimmed milk or you will detect it in the sermons; do not starve him or you will have a funeral. Pray for him, encourage him and live his sermons."

"If Christ is not all that is claimed for Him, he is the greatest fraud ever known," said Dr. Watson in delivering the charge to the new pastor. "If Christianity is not all that is claimed for it, it is the greatest bogus. This drives us to the conclusion that this (pointing to the Bible) is the greatest book on earth and the preaching of the word is the greatest work of man."

"There are three things we must do when the trust is imposed upon us. First, we must esteem it. The man who keeps the word must not only study it but also must pray over it. The man who esteems it will also live it. The Christian religion is not only a matter of words but works, not only a matter of preaching but living."

"One who esteems it also conserves it. Some men will say the ministry never did anything for men. A revival in the ministry wrung the Magna Charta from King John. The real ministry had a part in the signing of the Declaration of Independence. Conserving the word is reading into it nothing that is not there and leaving out nothing that is there."

The Rev. Mr. Jamieson in preaching the opening sermon, declared that the assured victory of Christianity gives inspiration.

"Jesus Christ does not face defeat," he said. "His message was to the whole world and his victory will be world-wide. The business of the church is to assail the gates of hell. It's the kingdom of heaven against the god of this world. It's the savior of men against the destroyer of men. We wrestle not against flesh and blood but against principals, against the powers. Let us count some of the blessings that will come with the victory of Christ."

"First, let us consider the victory over ignorance. Eight hundred millions of people can not read—half the human race. The public school system is a by-product of Christianity. Inability to read is only one part of the ignorance. One-half the human race is beyond the reach of a doctor or hospital. Even these are not possibly the greatest ignorance. The lack of knowledge of Christ is the worst. In India where one-fifth of the human race lives, two-thirds do not know Christ. One-half the human race does not know God or how to find him. Hasten the day when the knowledge of God shall cover this earth."

"Let us consider the victory over carnal war. In Germany, recognized for years as the greatest seat of education 43,000 university students are in the trenches. The same is true of other countries at war. At least 25,000,000 men are under arms. Two and a half million died the first year and between five and seven million have lost their lives up to this time. The war is costing eighty million dollars a day. Today with rapid-firing machine guns, poisonous gases, submarine and airships, we see men being slaughtered in unspeakable numbers, yet the stream of men keeps coming forward until the manhood of Europe is being killed. We say, 'Oh, Lord, Oh, Lord, how long shall it last! I thank God for the victory that will come over carnal war.'

"We notice also the victory over sin. Of course, war and ignorance are sin, but God's victory is to be a complete one. Strong drink is one sin God will overcome. You say when prohibition is spread over the world, that will be the millennium. We do not know when that will come, but what gives me comfort is that we are moving forward to victory, not defeat. Every person that is not enlisted on the other side is headed toward the tomb."

FORMER MAYOR IS A CANDIDATE

B. A. Black is Boosted For State Statistician in Resolutions at District Meeting

CHAMBERS IS RE-ELECTED

Former Mayor B. A. Black of this city was boosted for the Democratic nomination for state statistician at the meeting of the district committee in Connersville yesterday afternoon when Walter S. Chambers editor of the Newcastle Times, was elected district chairman. The following resolutions were adopted:

Whereas, Benjamin A. Black of the Sixth District has announced his candidacy for the office of State Statistician and will be a candidate before the coming Democratic Convention and

Whereas, his qualifications for this position are such as to commend him to the voters of the State for this office, and his strength as candidate will be of great assistance in securing to the Democratic ticket a strong vote from the laboring and business men in whose ranks he has been identified for many years, therefore be it

Resolved, That it is the sense of this meeting that we commend Mr. Black to each voter in this, the Sixth Congressional District, and shall use our most earnest efforts in bringing about the nomination of Mr. Black and we pledge ourselves to do this in every way we can, compatible with the best interests of the Democratic Party.

A CHANCE FOR ALL GIRLS.

(By United Press.)

Cottonwood, Kans., April 4.—Every girl here is to have a chance to study cooking. When the ladies' benevolent society learned that many young girls for various reasons have been unable to secure the advantages of domestic science training, the women arranged with the domestic science department of the Chase county high school to conduct special classes each Saturday for the girls' benefit. The instructors, supplies and laboratories will be furnished free.

TALKS ABOUT HIS BEAR APPETITE

Joe Archibald, Well Known New Castle Man, Vouches For Merits of Tanlac

Newcastle, Ind., April, 5.—Joe Archibald, who has lived in Newcastle the past thirty years and has an irreproachable record for honesty and integrity, recently said regarding Tanlac the Master Medicine,

"I suffered a nervous break down three years ago. This trouble was preceded by a nervous affection of the stomach. Since then my condition always has been serious. I was so nervous I couldn't sleep and of course, felt languid during the day and took little interest in life. My appetite was so poor that I didn't eat much, and what little I did eat did not agree with me."

"Tanlac has given me a bear's appetite. I have been taking Tanlac only a short time, but I feel like a different man. I sleep soundly now and when I get up in the morning, I feel fresh and buoyant. I consider Tanlac the finest medicine in the world and I heartily indorse and recommend it."

Many such men as Mr. Archibald, who stand for honesty and integrity in their community, are vouching for the merits of Tanlac, the Master Medicine. Tanlac is especially beneficial for stomach, kidney and liver troubles, rheumatism, nervousness, sleeplessness and the like.

Tanlac is sold exclusively in Rushville, Ind., at F. E. WOLCOTT'S drug store.

House Insurance For Business Men

This is the day of Insurance — Insurance against Death, Accident, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance. UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as practical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. J. B. SCHRICHTE SONS MONUMENTS 117-121 S. MAIN ST.

WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis.—“Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more.”—Mrs. P. L. BRILL, 1299 Booth Street., Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WILL ENLARGE THE OPERATIONS

Army Headquarters Lay Plans to Make More Determined Effort to Locate Villa.

CAN NOT GO FARTHER SOUTH

So Long as Railroads Are Not Available for Carrying Supplies, Hunt Can't be Extended.

GUARDS FUTURE.

(By United Press.) Washington April 5.—General Carranza desires that the protocol being considered by himself and the state department shall provide against future expeditions into Mexico on as large a scale as the present pursuit of Villa, it was learned today. His suggestion, it is understood, is one thing delaying agreement.

VILLA RIDES IN WAGON.

El Paso, Texas, April 5.—That Villa is so badly wounded he is unable to ride a horse was the positive statement of General Luis Gutierrez, commander in Chihuahua City, made public today by Carranza Consul Garcia. Gutierrez said confirmation of Villa's injuries was received from men who saw the bandit leader. A Carranza soldier taken prisoner by Villa and later released, also declared Villa was wounded at Guerrero and had been carried about in a wagon.

San Antonio, Texas, April 5.—Army headquarters today laid plans for a broader scale of operations in the hunt for Villa. Failure to locate the bandit in the region now being combed for him will require absolutely new plans, it was stated. Three days-time should determine the future status of the man hunt.

Prevented from going farther south because of insufficient troops to protect adequately the American line of communication and hampered by transportation difficulties, the United States forces are engaged in a final combing of the Guerrero district. The district has been thoroughly searched already, but there is a possibility that Villa has been secured there by sympathizers. Army officers, however, believe he is now beyond the northern boundary of Durango states.

According to Major Barum, Funston's chief-of-staff, a continuation of the chase into the region south of Chihuahua City will require the use of railroads for transportation supplies. Army headquarters have been advised that Washington authorities are pushing the federal government request for permission to use Mexican railway lines. Up to the present only seven car loads of forage, less than a day's feeding have been shipped from Juarez over the Mexican Northwestern.

ENFORCE CURFEW LAW.

(By United Press.) Elwood, Ind., April 5.—All Elwood children under 16 years of age are liable to arrest if they are seen on the street at night after the curfew whistle blows. The enforcement of the curfew ordinance was ordered by Chief of Police Parson as a measure of self defense, for a number of Elwood children have become amateur cracksmen and are setting the police a fast pace.

EXPECTS EARLY REPLY

(By United Press.) Washington, April 4.—Ambassador Gerard at Berlin has advised the state department that he anticipates an early reply to this government's query as to whether a German submarine attacked the steamer Sussex the Englishman and the Manchester Engineer.

SEVERAL STATE CASES SET DOWN

Judge Sparks Completes Calendar For The Remainder of This Term of Court

IT WILL END ON APRIL 26

May Term Will Start First Monday of Month—No Session of Court Today

There was no court today as Judge Sparks declared a vacation in order to attend the Republican state convention. He has completed a court calendar for the balance of this term and the first two weeks of the May term. The May term will start the first Monday in May, which falls on May 1.

Several important cases are to be tried before this term closes. Starting on April 17 the time of the court will be taken up for two or three days with state cases, unless they are postponed. The February term of court is now booked to close April 26. The state cases set for trial are those against Martin Clevenger, charged with “bootlegging,” state against the Pennsylvania railway and the state against Nesbit.

The calendar is as follows:

- April 17—State vs. Clevenger; Wells vs. Estate of Nancy Miller.
- April 18—State vs. Pennsylvania R. Co; Fleener vs. Carr.
- April 19—State vs. Moore; Roseberry vs. Emsweller.
- April 20—State vs. Nesbit; State ex rel Manning vs. Jinks.
- April 21—Knecht vs. L. E. & W.; Pattison vs. Mull, admr.
- April 22—Lewark vs. Heaton.
- April 24—Ingram vs. Indianapolis Traction and Terminal Co.; Mount receiver vs. Adams estate.
- April 25—Tompkins vs. Walker.
- April 26—Wilson vs. Jinks; Rolland vs. Neff.

DIES ON STREETRetired Physician Drops Dead in
Front of Harry Wyatt's Home
This Afternoon

WHILE ON WAY DOWN TOWN

Has Been in Ill Health For Some
Time But Was Able to be up
—66 Years of Age.

Dr. Hugh H. Elliott, a well known retired physician of this city, dropped dead this afternoon in front of the residence of Harry Wyatt in West Eighth street as he was on his way to the business district of the city. Dr. Elliott, who resided at 838 North Harrison street, left home shortly after one-thirty o'clock. Several neighbors saw him fall and rushed to his side. Medical assistance was called but he was dead before help arrived.

Dr. Elliott had been in ill health for some time, but was able to be up and about as usual. Death is believed to have been caused by heart disease. The coroner was called, but at a late hour had no made known his finding.

He had been a resident of this city about five years, moving from Glenwood where he practiced medicine for a long period of years. Dr. Elliott was 66 years old. He was a native of Ohio, being born in Preble county July 13, 1849. He received his education at Miami University and Miami Medical college. He was associated in Glenwood with Dr. J. T. Paxton and this firm was dissolved when Dr. Elliott retired from active practice.

He was a member of the United Presbyterian church. He was probably the oldest member of his profession in the county and was highly respected. Besides his widow he is survived by two children, Miss Florence of this city and Dr. Roy Elliott of Connersville.

WONDER IF IT IS
WORTH THE COSTCounty Taxpayers Learn That Ex-
pense of Each Vote in Pri-
mary Was Sixty Cents.

INSPECTORS PAID FOR 3 DAYS

The taxpayers of the county are wondering if the primary election was worth the money it cost. The bills were all ordered paid yesterday by the county commissioners and it was found that the total cost, including printing and election officials was \$2,413.23.

It cost the county approximately sixty cents for each and every vote cast. The inspectors were paid for three days work and the other officials were paid for two days. Some of the inspectors filed claims for five days. The cost of the primary averaged \$77.84 for each precinct.

The county has an appropriation of \$3,500 for elections and all of the bills are paid from this fund. In order to hold the general election in November an additional appropriation will have to be made as the election will cost as much or more than the primary.

Before adjourning the commissioners awarded the Purdue University scholarships to Howard Brecheisen and Howard Miller.

(By United Press.)
The Hague, April 5.—Torpedoing today the Dutch schooner Elzina Helena while Holland is in the grip of a big war scare caused great excitement here today.

News of the sinking of the schooner in the North Sea reached here early today. A message to her owners said there was no doubt that she had been attacked by a submarine. An official inquiry was ordered.

SURPLUS DOG TAX
IS DISTRIBUTED

Five Per Cent of Total—\$88.67—

Goes to State to Give Needy
Patients Pasteur Treatment

CALLED HYDROPHOBIA FUND

Deputy Auditor Bates was busy today distributing the surplus dog tax fund to the various townships. The trustees paid a total of \$1,773.30 to the county from the collection of dog tax during the past year. Under the law the county auditor sends five per cent of this sum to the auditor of state. In Rush county this sum amounted to \$88.67.

It is not generally known that the money received by the auditor of state from this source of revenue goes into a fund known as the hydrophobia fund. The hydrophobia fund is used by the state board of health in giving patients the Pasteur treatment.

In all cases where the patient is unable to pay the expense of the treatment the state pays the expense and it comes out of this fund. The five per cent received from the dog fund of all counties in the state makes a good sum with which to carry on this work.

The surplus fund in the county minus the five per cent the state gets is distributed to the various townships to be placed in the school fund.

Young in This County

PREPARE FOR LEGISLATURE

An organization was formed here yesterday among the township trustees for the purpose of securing some legislation favorable to their office. J. V. Young was elected president and Homer N. Nash of Union township was named secretary-treasurer of the organization.

The monthly meeting of the trustees was attended by J. M. Wilson of Knightstown, a member of the legislative committee of the State Trustees association from this district. The need of a new ditch law was discussed and the trustees favor a law placing their office on a salary basis, instead of receiving pay by the day as at present. The action of forming an organization here is being followed all over the state and the trustees are getting ready for the next session of the legislature.

CITY WILL HAVE
A CLEAN-UP DAYCouncil Instructs Mayor Behout
And The Street Commissioner
to Select The Date

TRASH TO BE HAULED AWAY

Arrangements For Motorcycle
Policeman to Chase Down
Speeders Are Also Made.

The city council voted last night to have a clean-up day and instructed the mayor and street commissioner to select the date and prepare the plans. This plan has been followed with more or less success for several years.

Mayor Behout has not named the date but it will probably be either week after next or the last week in April. At least two or three days will be devoted to the clean-up. The city wagons will make the rounds as usual and all of the alleys will be given a cleaning. The city will not haul ashes and brush placed in the alleys and it will be useless for people to place their ashes in the alley expecting to get them hauled away free of charge.

The motorcycle cop in Rushville is to become a reality. Policeman Price has purchased a machine and will put it in use for police duty. He was allowed \$10 a month for the use of the machine. It was at first thought that with the motorcycle a third policeman would not be needed, but this idea was abandoned because it would require too long hours for the two men. With a motorcycle the police will be enabled to answer calls quickly and save much time. The motorcycle will also be used in running down speeders.

A petition presented to the council by several merchants asking that the city see that city employees paid their debts or were discharged was laid on the table as the council did not like the wording of the petition. Under the wording, the petition took it for granted that there were men employed by the city that did not pay their debts and in a way cast a reflection on the whole administration. The council desired the names of the city employees who have been beating their debts. The petition was headed by B. A. Black.

The engineer's plans and specifications for the oiling of the street were adopted and April 28 was named as the time for hearing remonstrators. The plans call for one coat of oil and it will be placed on heavy enough to make up for the good a second coat would do. The plans state that the oil must be placed on the streets one-third of a gallon to the square yard. The estimated cost, according to the engineer, is three cents a square yard. This is slightly higher than last year.

FRED ELLIOT IS
NEW MODERATORPastor of Springhill Church is
Elected at Spring Meeting of
Indiana Presbytery

THE MAYS PASTOR RESIGNS

J. T. Aikin is Officially Installed
Pastor of U. P. Church at
Opening Session

The spring meeting of the Indiana Presbytery of the United Presbyterian church closed at the local church this afternoon with the election officers for the year a conference conducted by Dr. A. W. Jamieson, in which pastors exchanged experiences. The meeting place for the fall session was to be selected this afternoon. It was practically certain the First United Presbyterian church of Indianapolis would be the choice.

At this morning's session the Rev. Frederick Elliott of Springhill was elected moderator for six months. All other officers are chosen for a year, except the clerk, whose term is for four years. The Rev. G. L. Brown of the First church in Indianapolis is the present clerk.

The Rev. J. Harvey McCann resigned as pastor of the Mays church at this morning's session. The resignation was accepted. It is likely he will remain until June. No steps have been taken yet to fill the vacancy.

Applications to the board of home missions were recommended for the Witherspoon (colored) church of Indianapolis in the sum of \$436 and for the Scotland, Ind., congregation in the sum of \$430.

Other business for the closing session this afternoon was the reading of reports of the various branches of the church. One report showed that the Indiana Presbytery which comprises the churches of southern and central Indiana, contributed nearly \$6,000 to the church mission board during the year.

The Rev. John T. Aikin was officially installed as the pastor of the local church last night. Dr. A. W. Jamieson, retiring pastor, presided and preached the main sermon. Dr. Morris Watson of Princeton, Ind., delivered the charge to the pastor and the Rev. H. D. Gordon of Hanover spoke to the congregation concerning its obligations to the pastor.

The Rev. Mr. Gordon commended the church for its promptness in securing a pastor. He said the congregation may be charged with violating the tenth commandment—coveting their neighbor's goods—but is cleared of it when it is considered that a minister of God is ordained to preach wherever he is called. He noted that the church obeyed the Biblical injunction and turned its face toward the east.

"He comes to you," said the Rev. Mr. Gordon, "at your prayerful solicitation with rich experience to minister unto you."

The minister impressed upon the church that the pastor is the servant of God bringing a message to them. He entreated the congregation to give him affectionate confidence and co-operation.

"Stand not off and see how he is going to do," said the visiting pastor, "but help him to do by encouragement."

"Remember the pastor is human. Pinch him and he will feel it; talk about him and he will not be encouraged; talk about his wife and he will be justly indignant; he is not an angel, neither is his wife though he may have told her so once; he can not live on angel-food cake, much less can his wife. Appellate Court Upholds the Jury

Verdict That the Horse Was Not
"Moon-eyed" as Contended.

NO ERROR BY THE JUDGE

The appellate court yesterday affirmed the Rush circuit court in the case of John P. Kirk against Samuel H. Trabue and Harry Trabue. The case was known here as the "moon-eyed horse" suit and was tried September 3, 1913, before Judge John D. Megee and a jury. The jury found for the defendants and the appeal was taken by the plaintiff.

The case was an action for damages involving the warranty of a horse, that was alleged to have been sold "sound" and later developed "moon-eyes." The appeal was taken on the ground that the court erred in instructing the jury. Judge Megee refused five instructions offered by the plaintiff. The appellate court held as follows:

The evidence showing that the horse belonged to but one of appellants and there being no showing that he participated in the alleged misrepresentation, it was not error to instruct in his favor. It was not error to overrule a motion for a new trial on the ground of newly discovered evidence where the newly discovered evidence was cumulative, being evidence of other admissions on the same subject and evidence of former knowledge of disease of the horse and its treatment therefor, where there was evidence on the trial of other admissions thereof and other evidence as to knowledge and treatment.

She Was Mined

WAS FORMERLY A TRANSPORT

By CARL W. ACKERMAN
(U. P. Staff Correspondent.)

Berlin, April 5.—The Sussex affair is arousing little apprehension in Berlin with regard to German-American relations.

The tension apparent during the Lusitania and Arabic negotiations is utterly lacking. This is chiefly due to the popular conviction that the Sussex was mined not torpedoed, though it is pointed out that she formally was in service as a British transport and might, through error, have been so regarded by a U-boat commander.

The increased activities of the U-boats have created a most favorable impression among the German people.

G. O. P. CONVENTION OPENS

Henry D. Estabrook of New York
Also Speaks—Delegate Fight
is Unsettled

(By United Press.)

Indianapolis, April 5.—State and national Democratic administrations were scathingly criticised while thousands of Republicans cheered this afternoon at the opening session of the Republican state convention. Not a Democratic policy or achievement escaped the sweeping denunciations of Quincy Myers, the keynote speaker and temporary chairman, and Henry D. Estabrook, lawyer of New York.

Predicting emphatic Republican victories in state and nation in the fall, delegates were told that those victories would be won by a united party which had prepared, and that not only criticism of opponents, but sound, constructive programs would result in returning the Republican party to power.

Tariff—the Paramount issue, was the "battle cry" of Estabrook, who said a protective tariff was the first necessity of preparedness for industrial prosperity at the end of the European war.

Preparedness for armed invasion was another demand of Estabrook, while Myers declared that the army reorganization bills in congress are "a sham to deceive and lull the country into a false security," and are "false in principle."

The Roosevelt bogey loomed up today as one of the principal factors in the fight of one faction to prevent the election of E. C. Toner, former Progressive chairman, as delegate-at-large to the national convention.

Although Republican leaders kept silent, workers were heard to remark even in the inner room at headquarters that a Progressive might stampede to the colonel at the first opportunity if the latter's name were presented as a candidate for president.

Winfield Durbin of Anderson, always a Republican waged a severe fight as Toner's rival. Fred Simms, Will H. Hays and James A. Hemenway were conceded to be the choice for the other three places.

Condemning the international policy of President Wilson's administration, Myers said:

"What policy of the president are we asked to approve as warranting his continuance in official place?"

"The nation has been humiliated, its citizens slain upon the high seas and on land, and we have had nothing but protest and another letter written."

"Are we to condone and approve this vacillating and blundering incapacity simply because we have not been plunged into war?"

"Has the administration taken a definite stand on any policy?"

"If it had, we might be asked to approve it, as Americans, right or wrong, but we are confronted with the almost daily change of attitude, not to say policy, because there has been no policy, and yet we are asked to approve and continue this vacillation, this blundering, and this incapacity, this halting, and backing and filling, which have brought us to the humiliating conditions which we are asked to approve."

Myers denounced the "watchful waiting" policy with regard to Mexico, saying that a firm and definite policy would have prevented three

Friday was last day of school at the Applegate school. The teacher, Miss Ilva Bever, and pupils planned a pitch-in dinner. About thirty including parents and visitors, enjoyed the many good things and spent a pleasant, enjoyable day.

About forty of the neighborhood folks went to the beautiful country home of Mr. and Mrs. Ben Humes, Wednesday evening and had a delightful time. Mr. and Mrs. Humes were very pleasantly surprised as the party came in unexpectedly. A gracious hospitality was extended to the guests, manifesting the charm and delight of host and hostess. The evening was spent in playing rock, and making acquaintances.

Mr. and Mrs. John Cassidy very pleasantly entertained about twenty friends at Progressive rock Monday night. Candy and apples were served during the evening and the guests went away at a late hour after having spent a very pleasant and delightful evening.

Mr. and Mrs. Walter Norris entertained the members of the R. C. S. Club at a pitch-in supper Friday evening. There were six guests present together with the members of the club.

Mr. and Mrs. Clarence Kenner entertained Misses Ilva Bever and Hazel Murphy and Perry Downey and Ernest Applegate at six o'clock dinner Thursday evening.

Mr. and Mrs. Maunzy Bebout, Mr. and Mrs. Chas. Carney and family, Mr. and Mrs. John Bever, Mr. and Mrs. George Smith and son, Lawrence, Miss Ilva Bever and Perry Downey were among those who enjoyed the taffy-pulling given by the Country Cousins Club Saturday night at the home of Mr. and Mrs. Morton Gray.

The Womens' Missionary society will be entertained at the church Thursday afternoon at two o'clock by the ladies of the April Division. Miss Blanch Armstrong is leader, Mrs. Charles Carney and Mrs. Ethel Geise have charge of the children's part of the program which will be held in the Sunday school room. The hostesses are Mrs. W. E. Logan, Mrs. Walter Norris, Mrs. Mollie Coon, Mrs. Dessie Hoffman, Miss Ida Stevens and Mrs. Lowell Norris. The children are requested to come to this meeting. A good attendance of the members is desired.

APPLE TREE IS A FREAK

William A. Alexander has an apple tree on his farm north-west of the city that is quite a freak. He states that it is the largest apple tree he ever saw. The tree measures nine feet, two inches in circumference. Mr. Alexander planted the tree fifty years ago this spring and has watched it closely ever since. He says that the tree bears apples almost every year.

COAST SURVEY 100 YEARS OLD

Oldest of all Government Scientific Bureaus Celebrating Centennial This Week.

PRESIDENT TO ATTEND DINNER

In all Its History it Has Had But Eleven Directors—Prominent Men to Speak.

(By United Press.) Washington, April 5.—The Coast and Geodetic Survey father of all the government scientific bureaus, today celebrated its 100th birthday with all the zest and dignity that becomes a thriving centenarian.

While scientists of the bureau sat and listened attentively, and uninitiated spectators tried to find out what was going on and what modern language contained words that averaged fifteen letters and five syllables, scientists from all parts of the country told what the survey had done for terrestrial magnetism, commerce, geophsy and preparedness.

It seemed the survey had a finger in every little pie in the United States and almost every one in the world. During the two-day convention that they opened today, admirals, cabinet officers, professors, doctors and even the President were to talk about the survey.

An exhibit planned in connection with the celebration at the National Museum, showed the work of the survey and its methods.

Speeches this afternoon were by Dr. Hugh M. Smith, Commissioner of the Bureau of Fisheries; Dr. Louis A. Bauer, director of the Department of Terrestrial Magnetism of the Carnegie Institution; Dr. S. W. Stratton, director of the Bureau of Standards; Rear Admiral Pillsbury, U. S. N., retired, and Dr. George Otis Smith, director of the Geological Survey.

At tonight's meeting Brigadier General Black, chief of the army engineer corps, and George R. Putnam, Commissioner of the Bureau of Lighthouses are to speak.

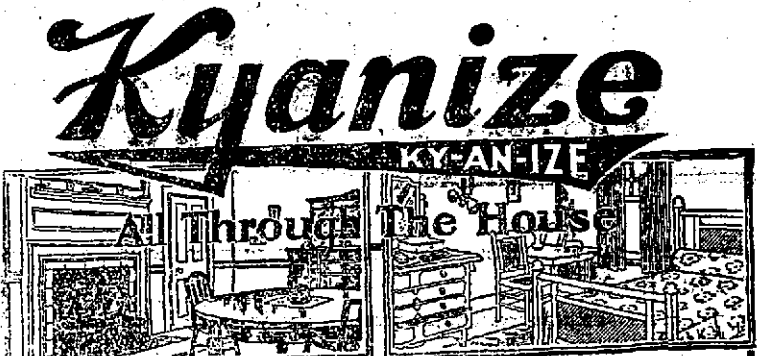

J. Hampton Moore of Pennsylvania is to speak of the part played by the bureaus in the development of commerce. George Washington Littlehales, engineer in the Hydrographic Office also is to speak.

The meeting will end tomorrow evening with a dinner at which President Wilson, The Swiss Minister, Secretary of Commerce Redfield, Navy Secretary Daniels and Dr. Thomas Corwin Mendenhall, the oldest ex-superintendent of the survey, are scheduled to speak.

During its century of existence, the survey has had but eleven directors. Ferdinand Rudolph Hassler, the first superintendent, was a native of Switzerland. He served from 1816 until 1843.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel trematic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine; so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Generous Mr. Schwab.

One cannot read the bulletins which are being sent out by the Bethlehem Steel Co., in a campaign of publicity against the erection of proposed government armor plate factories without being impressed with the sincerity of the appeal although the steel company is naturally enough looking after its own interests.

In most recent bulletin Charles M. Schwab, chairman of the company, undertakes to present the facts with regard to the controversy. If his assertions are the truth (and would be hard to think otherwise because published statements would be challenged if they were not) the Bethlehem company's claim is worthy of every consideration of the government.

The bulletin sets forth that the company is not urging any plan of preparedness and not advocating any policy involving increased expenditures by the government for any purpose. The company undertakes to show that it would be unnecessary and unwise for the United States to spend \$11,000,000 to build a government armor plate plant because existing facilities can supply every need and because the government can buy armor plate at least as cheaply as it can manufacture it for itself. The company makes the following pledge which sounds highly patriotic:

"If the United States should become involved in war or threatened war, the government of this country can have any product we manufacture—armor plate or anything else—at any price it chooses to pay; and under such circumstances, and regardless of price, our entire plant will run 24 hours a day with every pound of energy behind it."

The bulletin states that armor plate is the least profitable branch of the business, in spite of statements to the contrary. The armor plate plant represents an investment of \$7,100,000, which would be useless for any other purpose.

The steel company says that it can get in Europe almost any price it chooses to ask for its products; but that it has not since the beginning of the war raised the price for any ordinance products to the American government. The bulletin contains news of an offer on the part of the company to reduce the price of armor plate to the United States from \$425 to \$395 a ton. It is asserted that the price paid now is less than that paid by any great naval power. The steel company has previously given figures to prove this assertion.

In answer to the declaration that prices will soar if the government decides not to build an armor plate plant, the steel company agrees to make armor plate at the reduced prices named for at least five years or will agree for an indefinite period to make armor at any price which the federal trade commission may name as fair. Sounds fair enough, doesn't it?

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them "Dr. Edwards' Olive Tablets," you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. RETIRE BEFORE BAYONET CHARGE

Daring Photographer, Making Actual War Films to be Shown Has Exciting Experiences

BERLIN GAYETY DEPICTED

There Are no Stag Scenes But Life-Like Moving Pictures of Armies as They Charge.

Whatever has been written about the evacuation of Warsaw by the Russians, however graphically was described the Teutonic assault against the Russians in Poland that ended with the fall of the last Polish stronghold, Fort Novo Georgievsk, nothing can begin to reveal the conditions in that devastated country like the films which W. H. Durborough took at the risk of his life. On Tuesday, Apr. 11, the reproductions of what this intrepid newspaper correspondent saw at the front, under cover of Gen. Von Hindenburg's big guns, will be shown at the Princess theater under the direction of the Daily Republican.

"On the Firing Line With the Germans," or "With Von Hindenburg's Army at the Front" is the title of the film and it comes by it honestly, for Mr. Durborough's presence everywhere on the battlefield is evident. If he doesn't examine a freshly made wound on a soldier's face, he chats pleasantly with some of the officers, eats with them and borrows their best horses.

Once on the battlefield, evidences of war appear everywhere. There are no stage scenes, nor does the picture contain an eternal parade of soldiers marching from where to nowhere with artillery and cavalry in the procession, listlessly advancing with the consciousness that they are having their pictures taken. Here the men proceed, unimpaired of the camera's grind, with determination written over their countenances, their jaws set and their keen and alert faces seemingly eager to get a view of their enemy. Of course, the lighter phases of life with the fighting men shows them in different mood. Except for their uniforms and surroundings, an observer, seeing these men at play, might forget that he is viewing the stern realities of war and think he sees a happy lot of campers.

Never have motion pictures given a more vivid impression of a battle than these Durborough films or a more comprehensive visualization of activities at the front. In full view of the camera the men charge against their foes in sections some one or two miles away from the lens, can be plainly seen by their outlines. Columns of men dash forward over the hills and plains, through ditches and across pools of water, kneel deep, under a cover of the big guns, to get closer to their goal, while the enemy's shells burst all around the advancing soldiers, leaving trails of smoke in mid air like giant 'sky rockets and tearing up the earth wherever they strike. When the soldiers neared their destination and fixed their bayonets for the final assault, the camera man sagely withdrew to the rear.

View of many towns and villages depict the destruction of peaceful communities. Warsaw after its evacuation and Fort Novo Georgievsk after its fall are shown. The destruction wrought by the heavy Teutonic guns is seen. As the conquering army enters the Polish capital the citizens can be observed gazing on the invaders with curiosity and awe and after in friendly chat with them. The plight of the refugees who leave their homes with the retreating Russians only to return and find their former abodes in ruins is shown. Babies gaze curiously into the camera's eye, possibly attracted to it by the grinding of the handle, while proud mothers urge their offspring to look pleasant as their pictures are being taken.

But before the firing line is reached Mr. Durborough takes his spectators with him from Chicago to England and from Great Britain to Holland. On this journey he spies a British patrol through the port-

hole of the ship upon which he sails. His various encounters with government officers who examine his passports, all appear in consecutive form until he reaches Berlin. There the German capital is found at the height of its gayety, dressed in its best garb and seemingly oblivious of the happenings outside. Everybody appears happy, business goes on without the slightest suggestion of the existing strife and even the racetrack is attended by thousands.

IMPROVEMENT RESOLUTION

A Resolution Ordering the Oiling of Certain Streets in the City of Rushville, Indiana.

Section 1.—Be it resolved by the Common Council of the City of Rushville, Indiana, that it is deemed necessary to oil in accordance with the profiles, details, drawings and specifications on file in the office of the City Clerk of said City of Rushville, Indiana, the following streets and parts of streets in the said City to-wit:

Cerro Gordo Street—Second street to Third street.

And such improvement is now ordered. The costs of said improvement, including the cost of street and alley intersections shall be assessed upon the real estate abutting on each side of said streets respectively and upon the City of Rushville, Indiana, if the said City be enabled by said improvement, all according to the method and manner provided for in the act of the General Assembly, State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 8, 1905, and Acts amendatory and Supplemental thereto. Under no circumstances shall the City of Rushville, Indiana be or be held responsible for any sum of money due from said property owners or owner from said work, or for the collection of the same or for the payment of any bond, bonds, certificate or certificates issued to said contractor in payment for such work, except for the amount of any assessments which may have been made by the City for assessments for such improvements, or such moneys as said City is by said above entitled Act required to pay. All assessments payments, and all proceedings for the work done in the making of said improvement, assessment of property, collection of assessment and payment therefor, shall be as provided for in the above entitled Act and amendments thereto. The common council of said city has fixed Friday, the 28th day of April, 1916, as a date upon which remonstrances may be filed or heard, 7 persons interested in or affected by said improvement, public improvement, and on said day, at 7:30 o'clock p. m., said common council will meet at the council chamber, in said City of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed, or which may be presented, and will hear all persons interested, or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property, abutting and adjacent to the proposed improvements, and to said city, will be equal to or exceed the estimated cost of the proposed improvements, as estimated by the city civil engineers.

CARL L. GUNNING, City Clerk.

Juanita Club with Mrs. Walter Smith assisted by Mrs. Joe Smith in the afternoon at 814 N. Sexton.

Willing Workers of the St. Paul's M. E. Sunday School, with Mrs. Frazier Johnson at 511 North Perkins street at 2:30 p. m.

Modern Art Club, with Mrs. Harry McCauley in North Julian street, in the afternoon.

Lurline Council regular session and degree work at Red Men hall in the evening.

Mrs. Lon Link's Bible class will be discontinued for the remainder of the term.

The Thursday Bridge which was to have met with Mrs. Frank Wilson tomorrow has been postponed for two weeks.

The members of the Red Men orner of Falmouth are making elaborate preparations to entertain their families with a banquet this evening in the hall.

Mr. and Mrs. C. W. Rich of west of Raleigh entertained at dinner Sunday Mr. and Mrs. Sherman Hill and daughter, Isabelle, and Mr. and Mrs. J. L. Nipp and daughter Eloise. An elegant dinner was served to the guests.

A chili supper will be given for the Uniform Rank Thursday evening at 6:30 o'clock in the K. of P. hall. All members of Ivy company 35, are urged to be present, as business of importance will be transacted following the supper.

SEWING PARTIES

The sections of the Immaculata Sodality which met with the Misses Grace Roth, Laura Abernathy and Hilda and Marie McKee at their respective homes last evening were interesting ones, when members spent a pleasant and profitable evening preparing for the bazaar.

GILBERT'S CLASS

The meeting of Dr. Gilbert's class held in the church parlors yesterday afternoon was held preparatory to the parcel post sale which is to be given by the class and the members spent the afternoon in sewing and preparing boxes for the sale. A pleasant time was enjoyed.

TO GIVE PLAY.

"The Honor of the Class" is the title of the clever little playlet, the scene of which is laid in a boarding school, which is to be given by the members of Frances Frazee's class of the Methodist church in the church parlors Friday evening at 7:30. Following the play, will be a social when games and other amusements will entertain the guests. Everyone is invited to attend. The admission will be ten cents.

BAND OF WORKERS

A goodly number was in attendance at the meeting of the Band of Workers held this afternoon at the lovely home of Mrs. Ralph Payne in North Harrison street, when she was assisted by Mrs. Irwin Kinnear and Mrs. John B. Morris. After a short business session presided over by the president Mrs. Janelta Carr, the ladies enjoyed a social period and the dainty refreshments which were served by the hostesses.

B. Y. C. D.

The members of the B. Y. C. D. class of the Baptist church had another one of their delightful social and business meetings last evening when they were entertained by Mr. and Mrs. Ralph Pearsey.

DINNER-DANCE

The guests at the Social Club enjoyed an excellent dinner last evening, which was prettily served and tasteful as well. Following the dinner came an informal program of dances for which excellent music was furnished by Sherman's Orchestra and the majority of the guests indulged in the pleasant rounds of dancing. Among the guests who numbered about a hundred were Mrs. Maud, Shields and Mrs. Sarah Henley of Chicago, Mrs. Mary Behrman of Columbus, Ind., and Fred Durham of Muncie.

HAT SOCIAL

The Rebeccas will entertain Thursday evening in the I. O. O. F. hall with a hat social, the public being cordially invited. Every lady going is asked to take a box containing two sandwiches, two pickles, two hard boiled eggs, two apples, two cookies and her name on the inside of the lid of the box. The boxes will be sold to the gentleman for ten cents apiece and each will go to the lady whose box he has. She will give him a hat with the trimming and a needle and a thread, and he will proceed to trim the hat. All ladies coming without a box and hat will be charged ten cents.

PINK AND WHITE PARTY

Pink and white was daintily suggested in the pretty party given by Mrs. Hally Haydon this afternoon when she entertained the members of the Wednesday Afternoon Bridge Club. After the card games, the ladies were served with an elaborate luncheon in the dining room, where a French basket tied with a pink meline bow and filled with killarney roses was in the center of the prettily set table. Tiny place cards in a design of pink marked the places and small pink crepe paper bags tied with dainty meline bows were given as favors to the guests, among whom was Mrs. D. C. Green of Salt Lake City.

LOYAL DAUGHTERS

Daffodils used in profusion gave the home of Mrs. Glen Moore a charming and spring-like air last evening when the members of the Loyal Daughters class of the Christian church were entertained at her home in East Sixth street. The entire evening was given over to a social good time when the guests pleasantly chatted over their fancy work, and enjoyed several pretty musical numbers. A palatable luncheon was served by the hostesses to their guests who numbered about twenty-five. Besides Mrs. Moore, the hostesses were Miss Grace Billings, Miss Lorene Bird and Mrs. Ernest Church.

PENNY SUPPER

Socially and financially, the affair given by the Pythian Sisters for Mrs. Della Dunn last evening was a great success. The guests were liberal in their donations and in return a jolly evening was furnished for them by the hostess. The total proceeds from the supper, dance and donations received were fifty-one dollars, eighty-one cents. After the supper, which was a bountiful one, about forty couples entered into the dance series for which good music was furnished by Mitchell's orchestra. The entire proceeds will be given for the benefit of Mrs. Dunn who in a short time will be brought here to stay.

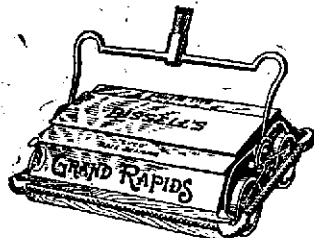

GOING AWAY PARTY

It was a complete surprise to Mr. and Mrs. Joan W. Davis, when in the midst of their arrangements preparatory to leaving for Milroy where they will move shortly, they were interrupted last night by a number of their friends coming in upon them at their home at 612 N. Harrison street. Coming at supper time, their well-filled baskets were very timely and soon filled the table, to which the procession of guests was led by the Rev. D. Ira Lambert. The company was made up of a circle of over twenty of their friends from the Presbyterian church, who in this pleasant way showed their regret at the departure of Mr. and Mrs. Davis. After enjoying the bountiful supper an equally pleasant evening was enjoyed by the congenial crowd.

THE MAUZY CO.

CLASS PARTY

Twenty members of Mrs. Lee's Sunday School class of the Christian church were present at the meeting held with Miss Phyllis Casady last evening. Several business matters were discussed after which the girls had a merry social time together. A tempting collation was served by the hostess as the affair drew near a close.

FOR NEW MEMBERS

A reception for new members was one part of the meeting of the Woman's Foreign Missionary society of St. Paul's M. E. church held with Mrs. Frank Wolcott in North Harrison street this afternoon. The numbers on the program were: Devotions—Mrs. J. H. Scholl. Responses to roll call—Missionary gleanings. Review of chapter in "King's Highway"—Mrs. F. R. McClanahan. Mystery Box—Mrs. W. M. Whittsitt. Selection by Missionary quartette. Piano solo—Miss Norma Smith. After the business period came a social hour when the new members were welcomed into the society. Light refreshments were served.

C. W. B. M.

The ladies of the April division were hostesses this afternoon when the members of the C. W. B. M. of the Christian church were delightfully entertained at the home of Mrs. G. V. Conaway in North Main street. The excellent program was a great help in the pleasure of the afternoon. The numbers were as follows: Bible study—"The Palace in Shusan"—Mrs. Louis Lamort. Prayer—Mrs. J. D. Case. "Uncle Sam the Good Samaritan to the World"—Mrs. George Looney Jr. "Our Denomination Reaching Its Share of the World"—Mrs. C. M. Yocum. India Sketch—Mrs. Charles Green. Vocal solo—Mrs. Will Amos. The usual business meeting presided over by Mrs. Roy Waggener and a pleasant social period followed, during which time dainty refreshments were served by the hostesses to the goodly number of guests which were present.

INTERESTING PROGRAM

The C. W. B. M. of the Little Flat-rock Christian church will meet Thursday at 2 p. m. at the church. All members are urged to be present. Miss Blanche Armstrong is the leader and the following program has been prepared. Piano solo—Miss Golda Weir. Song—"Buckle on the Armor." Invocation—Mrs. Lora Bebout. Bible reading—Mrs. Lavina George. Song—"Take the Name of Jesus." Recitation—Miss Katherine Newby. Recitation—Miss Ruth Geise. Paper—Mrs. Edith Norris. Bible Study—Mrs. Hazel Dauben. ing increases in the same ratio as it does for you. The monthly statement from the grocer and the butcher comes to him as it does to you. Do not compel him to live on skimmed milk or you will detect it in the sermons; do not starve him or you will have a funeral. Pray for him, encourage him and live his sermons."

"If Christ is not all that is claimed for Him, he is the greatest fraud ever known," said Dr. Watson in delivering the charge to the new pastor. "If Christianity is not all that is claimed for it, it is the greatest bogus. This drives us to the conclusion that this (pointing to the Bible) is the greatest book on earth and the preaching of the word is the greatest work of man."

"There are three things we must do when the trust is imposed upon us. First, we must esteem it. The man who keeps the word must not only study it but also must pray over it. The man who esteems it will also live it. The Christian religion is not only a matter of words but works, not only a matter of preaching but living."

"One who esteems it also conserves it. Some men will say the ministry never did anything for men. A revival in the ministry wrung the Magna Charta from King John. The real ministry had a part in the signing of the Declaration of Independence. Conserving the word is reading into it nothing that is not there and leaving out nothing that is there."

The Rev. Mr. Jamieson in preaching the opening sermon, declared that the assured victory of Christianity gives inspiration.

"Jesus Christ does not face defeat," he said. "His message was to the whole world and his victory will be world-wide. The business of the church is to assail the gates of hell. It's the kingdom of heaven against the god of this world. It's the savior of men against the destroyer of men. We wrestle not against flesh and blood but against principalities, against the powers. Let us count some of the blessings that will come with the victory of Christ."

"First, let us consider the victory over ignorance. Eight hundred millions of people can not read—half the human race. The public school system is a by-product of Christianity. Inability to read is only one part of the ignorance. One-half the human race is beyond the reach of a doctor or hospital. Even these are not possibly the greatest ignorance. The lack of knowledge of Christ is the worst. In India where one-fifth of the human race lives, two-thirds do not know Christ. One-half the human race does not know God or how to find him. Hasten the day when the knowledge of God shall cover this earth."

"Let us consider the victory over carnal war. In Germany, recognized for years as the greatest seat of education 43,000 university students are in the trenches. The same is true of other countries at war. At least 25,000,000 men are under arms. Two and a half million died the first year and between five and seven million have lost their lives up to this time. The war is costing eighty million dollars a day. Today with rapid-firing machine guns, poisonous gases, submarine and airships, we see men being slaughtered in unspeakable numbers, yet the stream of men keeps coming forward until the manhood of Europe is being killed. We say, 'Oh, Lord, Oh, Lord, how long shall it last! I thank God for the victory that will come over carnal war.'

"We notice also the victory over sin. Of course, war and ignorance are sin, but God's victory is to be a complete one. Strong drink is one sin God will overcome. You say when prohibition is spread over the world, that will be the millennium. We do not know when that will come, but what gives me comfort is that we are moving forward to victory, not defeat. Every person that is not enlisted on the other side is headed toward the tomb."

FORMER MAYOR IS A CANDIDATE

B. A. Black is Boosted For State Statistician in Resolutions at District Meeting

CHAMBERS IS RE-ELECTED

Former Mayor B. A. Black of this city was boosted for the Democratic nomination for state statistician at the meeting of the district committee in Connersville yesterday afternoon when Walter S. Chambers editor of the Newcastle Times, was elected district chairman. The following resolutions were adopted:

Whereas, Benjamin A. Black of the Sixth District has announced his candidacy for the office of State Statistician and will be a candidate before the coming Democratic Convention and

Whereas, his qualifications for this position are such as to commend him to the voters of the State for this office, and his strength as candidate will be of great assistance in securing to the Democratic ticket a strong vote from the laboring and business men in whose ranks he has been identified for many years, therefore be it

Resolved, That it is the sense of this meeting that we commend Mr. Black to each voter in this, the Sixth Congressional District, and shall use our most earnest efforts in bringing about the nomination of Mr. Black and we pledge ourselves to do this in every way we can, compatible with the best interests of the Democratic Party.

A CHANCE FOR ALL GIRLS.

(By United Press.)
Cottonwood, Kans., April 4.—Every girl here is to have chance to study cooking. When the ladies' benevolent society learned that many young girls for various reasons have been unable to secure the advantages of domestic science training, the women arranged with the domestic science department of the Chase county high school to conduct special classes each Saturday for the girls' benefit. The instructors, supplies and laboratories will be furnished free.

TALKS ABOUT HIS BEAR APPETITE

Joe Archibald, Well Known Newcastle Man, Vouches For Merits of Tanlac

Newcastle, Ind., April, 5.—Joe Archibald, who has lived in Newcastle the past thirty years and has an irreproachable record for honesty and integrity, recently said regarding Tanlac the Master Medicine,

"I suffered a nervous break down three years ago. This trouble was preceded by a nervous affection of the stomach. Since then my condition always has been serious. I was so nervous I couldn't sleep and of course, felt languid during the day and took little interest in life. My appetite was so poor that I didn't eat much, and what little I did eat did not agree with me."

"Tanlac has given me a bear's appetite. I have been taking Tanlac only a short time, but I feel like a different man. I sleep soundly now and when I get up in the morning, I feel fresh and buoyant. I consider Tanlac the finest medicine in the world and I heartily indorse and recommend it."

Many such men as Mr. Archibald, who stand for honesty and integrity in their community, are vouching for the merits of Tanlac, the Master Medicine. Tanlac is especially beneficial for stomach, kidney and liver troubles, rheumatism, nervousness, sleeplessness and the like.

Tanlac is sold exclusively in Rushville, Ind., at F. E. WOLCOTT'S drug store.

House Insurance For Business Men

This is the day of Insurance — insurance against Death, Accident, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance. Just two things to look for—the color and name of manufacturer, as you can't possibly see the absolute quality and service that is built in the can.

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as practical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. **J. B. SCHRICHTE SONS** MONUMENTS 117-121 S. MAIN ST.

WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis.—“Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more.”—Mrs. P. L. BRILL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WILL ENLARGE THE OPERATIONS

Army Headquarters Lay Plans to Make More Determined Effort to Locate Villa.

CAN NOT GO FARTHER SOUTH

So Long as Railroads Are Not Available for Carrying Supplies, Hunt Can't be Extended.

GUARDS FUTURE.
(By United Press.)

Washington April 5.—General Carranza desires that the protocol being considered by himself and the state department shall provide against future expeditions into Mexico on as large a scale as the present pursuit of Villa, it was learned today. His suggestion, it is understood, is one thing delaying agreement.

VILLA RIDES IN WAGON.

El Paso, Texas, April 5.—That Villa is so badly wounded he is unable to ride a horse was the positive statement of General Luis Gutierrez, commander in Chihuahua City, made public today by Carranza Consul Garcia. Gutierrez said confirmation of Villa's injuries was received from men who saw the bandit leader. A Carranza soldier taken prisoner by Villa and later released, also declared Villa was wounded at Guerrero and had been carried about in a wagon.

San Antonio, Texas, April 5.—Army headquarters today laid plans for a broader scale of operations in the hunt for Villa. Failure to locate the bandit in the region now being combed for him will require absolutely new plans, it was stated. Three days' time should determine the future status of the man hunt.

Prevented from going farther south because of insufficient troops to protect adequately the American line of communication and hampered by transportation difficulties, the United States forces are engaged in a final combing of the Guerrero district. The district has been thoroughly searched already, but there is a possibility that Villa has been sequestered there by sympathizers. Army officers, however, believe he is now beyond the northern boundary of Durango states.

According to Major Barum, function's chief-of-staff, a continuation of the chase into the region south of Chihuahua City will require the use of railroads for transportation supplies. Army headquarters have been advised that Washington authorities are pushing the federal government request for permission to use Mexican railway lines. Up to the present only seven car loads of forage, less than a day's feeding have been shipped from Juarez over the Mexican Northwestern.

ENFORCE CURFEW LAW.
(By United Press.)

Elwood, Ind., April 5.—All Elwood children under 16 years of age are liable to arrest if they are seen on the street at night after the curfew whistle blows. The enforcement of the curfew ordinance was ordered by Chief of Police Parson as a measure of self defense, for a number of Elwood children have become amateur cracksmen and are setting the police a fast pace.

EXPECTS EARLY REPLY
(By United Press.)

Washington, April 4.—Ambassador Gerard at Berlin has advised the state department that he anticipates an early reply to this government's query as to whether a German submarine attacked the steamer Sussex the Englishman and the Manchester Engineer.

Judge Sparks Completes Calendar For The Remainder of This Term of Court

IT WILL END ON APRIL 26

May Term Will Start First Monday of Month—No Session of Court Today

There was no court today as Judge Sparks declared a vacation in order to attend the Republican state convention. He has completed a court calendar for the balance of this term and the first two weeks of the May term. The May term will start the first Monday in May, which falls on May 1.

Several important cases are to be tried before this term closes. Starting on April 17 the time of the court will be taken up for two or three days with state cases, unless they are postponed. The February term of court is now booked to close April 26. The state cases set for trial are those against Martin Clevenger, charged with “bootlegging,” state against the Pennsylvania railway and the state against Nesbit.

The calendar is as follows:
April 17—State vs. Clevenger; Wells vs. Estate of Nancy Miller.
April 18—State vs. Pennsylvania R. Co.; Fleener vs. Carr.
April 19—State vs. Moore; Roseberry vs. Emsweller.

April 20—State vs. Nesbit; State ex rel Manning vs. Jinks.
April 21—Knecht vs. L. E. & W.; Pattison vs. Mull, admr.
April 22—Lewark vs. Heaton.
April 24—Ingram vs. Indianapolis Traction and Terminal Co.; Mount receiver vs. Adams estate.
April 25—Tompkins vs. Walker.
April 26—Wilson vs. Jinks; Rolland vs. Neff.

May Term
May 1—Calling of Docket and Issues; Binford vs. Dean.
May 2—Hardin vs. Glendenning.
May 3—Glendenning vs. Hardin.

MRS. SLACK'S LETTER

To Mothers of Delicate Children.

Palmyra, Pa.—“My little girl had a chronic cough and was so thin you could count her ribs and she had no appetite. Nothing we gave her seemed to help her, until one day Mrs. Neibert asked me to try Vinol, and now she is hungry all the time, her cough is gone, she is stouter and has a more healthy color. I wish every mother who has a delicate child would try Vinol.”—MRS. ALFRED SLACK.
